Technical Skills

Languages

TypeScript, JavaScript (ES6+),
HTML5, CSS3

Frameworks

Next.js 15 (App Router), React 19

Styling

Tailwind CSS, Shadcn UI, Radix
UI

State & Data

TanStack Query, React Hook
Form, Zod

Tools

Git, GitHub, pnpm, VS Code

Other

Responsive design, component-
based development, basics of
REST / headless CMS (Directus)

Soft Skills

Willingness to learn · Reliability ·
Teamwork · Communication ·
Attention to detail

Profile

Junior frontend developer with hands-on experience from a real production web/SaaS project. Over nine months I contributed to the user interface of an ESG and corporate sustainability reporting platform built with Next.js and React. I am eager to learn, reliably deliver small features, bug fixes and supporting tasks, and I am comfortable working in a Git-based team workflow (code review, feature branches, pull requests).

Work Experience

Part-time
9 months
10.11.2025 –
10.7.2026

Junior Frontend Developer (Internship)

Sustainova

- Built and maintained user interface components in **Next.js 15 (App Router)** and **React 19** with **TypeScript**.
- Developed responsive UI using **Tailwind CSS** and the **Shadcn UI / Radix UI** component library.
- Worked with forms (**React Hook Form + Zod** validation) and client-side data fetching via **TanStack Query**.
- Resolved bug fixes and smaller UI improvements, polishing details based on designs and feedback.
- Handled various supporting development tasks – one-off scripts, data adjustments, testing and verifying functionality.
- Collaborated in a team using **Git and GitHub** – feature branches, pull requests, responding to code review.
